

CONGER Speaks at BriForum

ALPHARETTA, GA, April 26, 2007– Xcentric, LLC proudly supported Conger in his speaking engagements at the 4th annual BriForum at the Gleacher Center in Chicago last week. BriForum is a 3-day independent conference hosted by The Brian Madden Company, specifically created to provide a collaborative environment for Citrix and server-based computing professionals.

As he has done in past years, Jason conducted two sessions on various Citrix-related topics, including “What Resource Manager knows but Won’t Tell You,” in which he demonstrated techniques to get usable information from the Citrix Resource Manager Summary Database, and a two-part session called “Learn MFCOM and then Pack your Toolbox with SOA with a basic overview of key MFCOM objects, properties, and methods followed by a session on using MFCOM with Service Oriented Architecture (SOA) principles.

About XCENTRIC:

Based in Alpharetta, GA, Xcentric provides peace of mind to CPA firms nationwide through highly leveraged network technology solutions. Xcentric’s complete network hosting model, trademarked Xcentric Gray Matter, allows CPA firms to rid themselves of IT management headaches related to server upgrades, administration, IT staffing, and application updates. Xcentric provides CPA-specific technology guidance, infrastructure deployment, and accounting application focused managed services. Founded in 2002, Xcentric focuses on accounting firms and currently serves over 150 firms across the nation.
